Direct Action – Action Bulletins

Direct Action, an activist newspaper published by Bay Area-based Livermore Action Group (LAG) from 1982 to 1986, provided the most comprehensive coverage of North American and European grassroots organizing available in those years. Free downloads are available at DirectAction.org/classic-issues/

The Action Bulletins were produced during the Spring of 1983, as part of the LAG-initiated International Day of Nuclear Disarmament on Summer Solstice. In addition to LAG's second large-scale blockade of Livermore Nuclear Weapons Lab (over 1100 arrests), more than 300 other groups around the world joined with local actions in June 1983.

The first and third Action Bulletins were printed separately. Beginning with Direct Action issue #5 in May 1983, the Bulletins were included in the tabloid paper. After July, the material was included on Local and Global news pages of DA.

Download back issues of the Action Bulletin and Direct Action newspaper – plus the historical novel based on the escapades and adventures of those years:

Campfire Chants – Activist Chants & Songs

Join us for 18 classic chants written by Starhawk, Suzanne Sterling, T. Thorn Coyle, and others – perfect for sit-ins, protest marches, and singing in the shower!

Recorded by a mixed chorus from our family camps, plus conga, guitar, fiddle, flute, clarinet, and even a ukelele!

CDs at CDBaby. Downloads and streaming at all usual sites.

Free download of our 50-page full-color Lyrics & Lore booklet at CampfireChants.org

Listen free!

On youtube, spotify, etc – playlists for all albums at <WeaveAndSpin.org/playlists/>

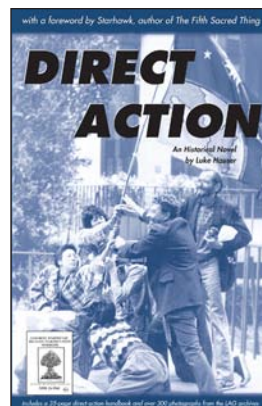

DIRECT ACTION An Historical Novel

by Luke Hauser

More than 7000 people were arrested in nonviolent protests in California in the 1980s, developing the art of direct action to a height not reached again until Seattle in 1999.

This unique book captures the actions, the people, the misadventures... plus 300 photos!

Free download at DirectAction.org

Print edition at Amazon.

ACTION BULLETIN

ISSUE 5

INTERNATIONAL DAY OF NUCLEAR DISARMAMENT — JUNE 20 —

INTRODUCTION

With the news last week of planned blockades in England and Germany on June 20, and a major march and rally in Tokyo on June 19, the International Day of Nuclear Disarmament became truly international.

Local groups have taken seriously the call to organize actions in their own areas; the protests this June will not be in New York, or Amsterdam, or Rocky Flats, or at many of the other traditional sites or well-known nuclear weapons facilities. Instead, people are determined to protest the present military build-up at weapons factories, research institutes, military installations, and public gathering places near their homes.

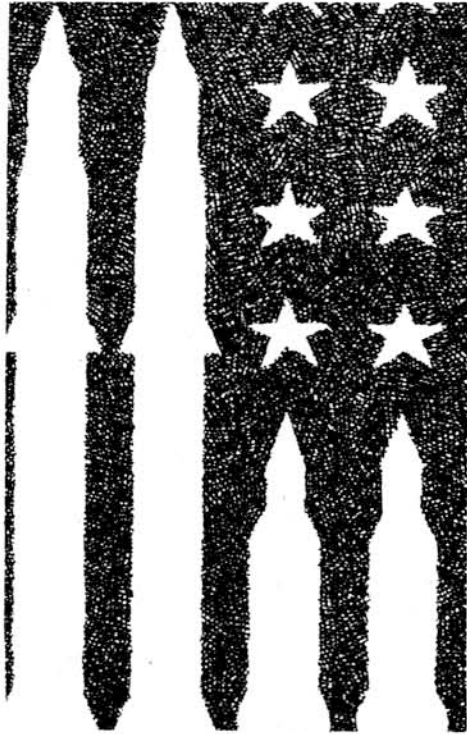

Every day brings new protest news to the office of Livermore Action Group (LAG), initiators of the Call for an International Day of Nuclear Disarmament in Autumn 1982. We are printing in this Action Bulletin a full list of actions planned, as well as a complete list of participating groups, as of June 2. We will publish a summary of the actual events themselves in Action Bulletin No. 6, which will be a part of the July Direct Action, LAG's monthly newspaper.

To facilitate spreading the good news around the globe on June 20th, LAG is arranging a two-stage telephone communication system with participating groups. For that purpose we will have an International Day Hotline Number for four days — June 18-21: 415/549-0819 or 549-0820.

For the first communication stage, we ask each group organizing an action to phone the Hotline Number with the results of their planned activities. Groups organizing weekend rallies, marches, and other events — please telephone us on Saturday, June 18, or Sunday, June 19, between 1-5 p.m. Pacific Daylight Savings Time.

Groups planning actions on June 20th, please telephone the Hotline Number as soon as you know the results of your actions. We will answer the phones from 6 a.m. to 12 midnight on Monday, June 20. If you call us as early as possible Monday morning, we will compile the information from around the world, and have a full report ready for your action follow-up press releases Monday night.

For the second communication stage, please try to have a person at your telephone number listed in this action bulletin between 4-5 p.m. your time on June 20. LAG volunteers

will telephone U.S. participating groups at that time to convey a complete International Day update. To save our phone bills, you may call us instead between those hours. If your group does not have a phone number listed in this Action Bulletin, please send one to us quickly.

It is very important that each local group publicize the coordinated aspect of International Day; we cannot rely on the mass media to bring us news of protests far from our local area. LAG will try to contact European and Japanese groups by telephone so that news of those actions can also be a part of our wrap-up of June 20th.

In addition to the print media, which will be covered by each local group and nationally by the Mobilization for Survival, a Nuclear Newsreel half-hour video report of June 20th actions will be fed via satellite on June 24 and 25 to PBS television channels. The actions covered will be at Livermore CA, Albuquerque NM, Groton CT, Kent WA, Portland OR, Burlington VT, and Bonn, West Germany. People should call their local public TV stations, express their interest in viewing this report of the International Day actions, and ask what time the Nuclear Newsreel has been scheduled for viewing.

For more information on this project, contact Fine Line Productions, 1101 Masonic Avenue, San Francisco CA 94117. Phone: 415/861-3885.

WEST GERMANY

On the twentieth of June, people from Bremerhaven and environs will carry out a nonviolent action in front of the "Carl-Schurz-Kaserne" U.S. military camp at Weddewarden.

The "Carl-Schurz Kaserne" is a logistical center for the U.S. army in Northern Germany. Among other things, at Weddewarden there are:

—The "Military Sealift Command". Aside from Weddewarden, such headquarters exist only at Yokohama, Oakland, and New York. The next level up is in Washington, D.C., itself. The "Military Sealift Command" organizes all military arms shipments that move by sea.

The deployment and stationing of the cruise and Pershing II missiles will be prepared in Weddewarden, and will be unloaded in Bremerhaven or Nordenham, if the peace movement fails to create a climate of resistance in which the NATO arms build-up is no longer politically feasible.

—A tropo-scatter radio station, which serves to control and coordinate a nuclear weapons unit.

—Bremerhaven has a history with the Rapid Deployment Force as well: in 1973, U.S. MPs blocked off the north harbor at night in fog in order to load tanks for Israel's war in the Near East. Such an event is unique so far in Europe.

The recognition that in spite of huge demonstrations, collections of signatures to petitions, and appeals, the danger of World War III continues to increase; that more and more money is spent for weapons, while more and more people go jobless, or starve in the Third World, compels us to intensify our resistance.

We have therefore decided to blockade the Weddewarden Camp to disrupt the smooth functioning of the military. In this action, we also want to give an indication of the resistance that our rulers must expect if they want to deploy new atomic weapons this fall in Europe.

We choose the form of a nonviolent blockade, because we will not take up the fight against the world of armaments through its own inhuman methods and because the means of our resistance should correspond to our goals.

Tokyo March & Rally

Dear Friends,

We are glad to inform you that we have already started the preparation to have a big rally and a march for disarmament and against militarism.

Every year, we in Japan have demonstrations against the US-Japan Security Treaty around June 15, in memory of Miss Michiko Kamba, who was killed in the big demonstration against the treaty in 1960. This year, we will have the big rally and march in Tokyo on June 19. The date differs by a day from yours. But we completely agree to your objectives of the International Day and would like to express our hearty wish to join the world-wide action.

At first we had planned to have the rally on 12th June, but changed it to the 19th after receiving your appeal, trying to make it as close as possible to the Day. Please understand that the date should be a Saturday or Sunday in order to make a big mobilization in Japan.

The rally in Tokyo will be sponsored by an ad hoc committee consisting of about 100 groups and movements including citizens', women's, students', farmers', and religious groups for peace and human rights, and labor unions. In the beginning of May, 30 prominent figures in Japan issued a joint appeal calling for a nation-wide action in June against nuclear armament and the Japan-US Security Treaty, which refers to the International Day.

BLOCKADE Leeds, England

Dear LAG,

We have decided to take action against Tarmac (who build the silos for the cruise missile) — Tarmac is being boycotted in many parts of the country, after Fran De'ath of Greenham Common Peace Camp asked for action against Tarmac. We will be leafletting/spraying/writing letters concerning Tarmac before June 20th and then blockading a Tarmac office or construction site on the day — sitting in front of Tarmac vehicles somewhere in Leeds!

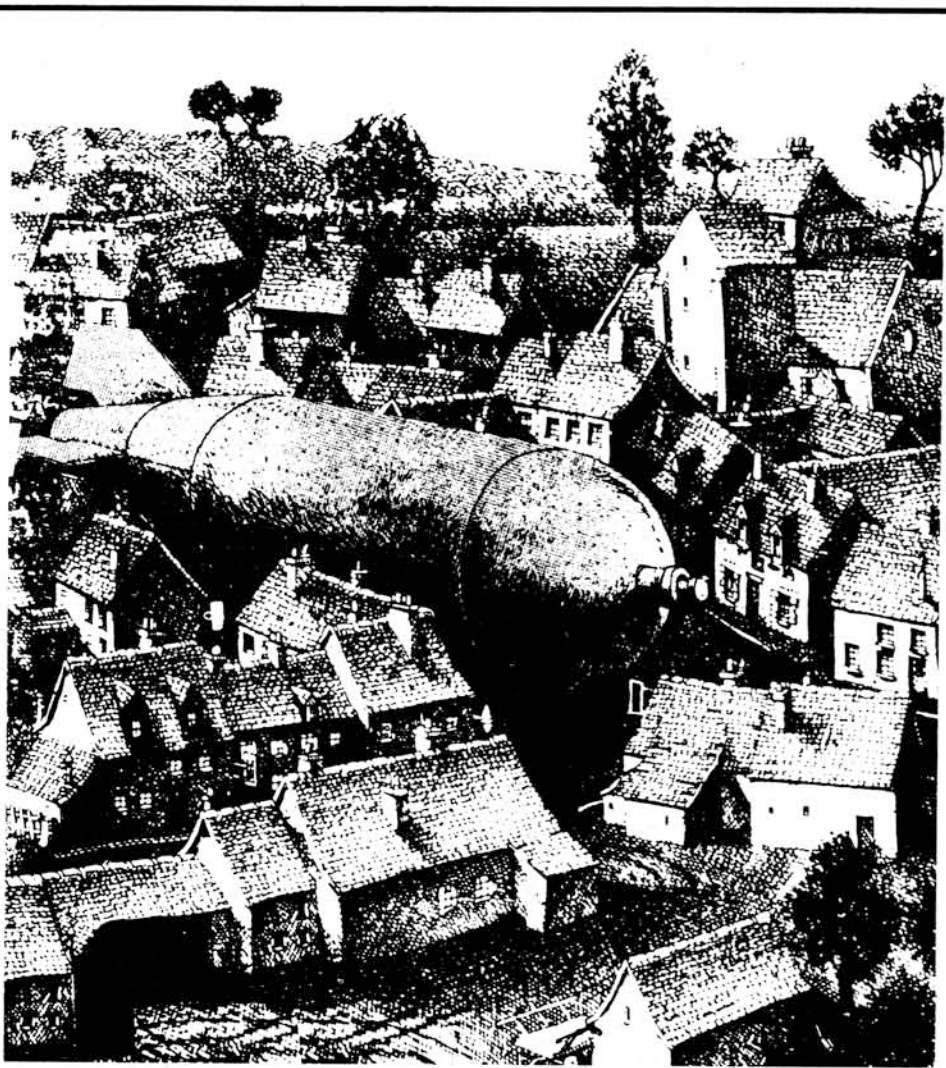

We must stop the construction of silos by Tarmac (Tarmac also constructs buildings at our local ROF Barnbow, where the Challenger Tank was built) and encourage councils, etc., to boycott the company. We want to show that we want people to build for peace and real justice, not war and oppression.

Leeds is buzzing with canvassing for peace at the moment — although we get a bit down as it is difficult to get other people involved in direct action. Seven members of Headingley Peace Action got arrested a couple of weeks ago for a protest at a lecture about military aircraft/the Falklands War which was being held at the University (they tried to hush it up, but we found out!). We went in dressed as "dead soldiers" with posters saying "We are dead soldiers — why did we die?" and stood silently in front of the screen, on which they were showing an RAF/USAF film. Eventually, we were "removed" by police and the audience (very violently) and seven of us were arrested without being warned first — so much for "legality"! We had made our point, though, and after our protest the RAF won't be using the university premises anymore.

Good luck with your actions and we'll think of you when we're blockading Tarmac on the 20th.

Lots of love & hope for a peaceful and just future,

Helen
Headingley Peace Action
10 Marlborough Grove
Leeds 2, ENGLAND

The U.S. government is now planning to station the nuclear-armed USS Carl Vinson and New Jersey to Yokosuka, Japan in August and the Japanese government is ready to accept them. So, our rally will put emphasis on this issue. And we are inviting activists from Southeast Asia and Western Pacific countries such as the Philippines and the Republic of Belau to the rally in Japan. In the Philippines they are beginning a new strong movement against U.S. military bases in the country and Belau people are engaged in a struggle against the U.S. pressure to make the island the U.S. nuclear bases. We hope that this Tokyo rally will strengthen the ties among our movements, which are commonly trying to get rid of the U.S. 7th Fleet naval bases. Another meeting against this stationing is to be held in Yokosuka on June 26. Besides, there will be a lot of meetings and marches held in other large cities such as Osaka, Fukuoka, Kyoto and Sapporo through June.

Sincerely yours,
Yoshikawa Yuichi

continued on page 5

San Diego Blockade

At 7 a.m. on June 20, San Diegans will gather at the entrance of the Ballast Point submarine base at Point Loma to participate in a vigil and nonviolent blockade of the facility.

The Ballast Point sub-base is home port for more than 25 nuclear powered fast attack submarines armed with nuclear tipped SUBROC torpedoes. The Reagan administration is planning to deploy the new generation of sea launch cruise missiles on these fast attack subs. Two of these ships, the USS La Jolla and the USS Guiterro, have been test firing the sea-launch cruise off of San Clemente Island. The actual deployment of these cruise missiles will drastically upset the already tenuous global balance of nuclear weapons. This new "strategic asset" will give the U.S. government the capability of launching a nuclear attack from deep water at a distance of 1400 miles.

San Diego already has a primary role in the nuclear arms race. Kearny Mesa's General Dynamics Convair is producing the sea launch and ground launch cruise missiles. There are nuclear arsenals of bombs and missiles stored on North Island and at Ballast Point. The aircraft carriers Ranger and Constellation, based in San Diego, are equipped with nuclear weapons. Now we have the planned deployment of the cruise on the Ballast Point submarines.

A full weekend of events is planned June 18-19 to "warm up" for June 20. On Sunday, June 19, San Diego clergy are being asked to preach the message of peace through mutual disarmament from the pulpit. Also that weekend, the Federation for Progress begins its Nuclear-Free San Diego campaign. A group called Mother Jones' daughters will be leafletting the U.S.-Mexican border, while spreading the "Welcome

**BLOCKADE
LIVERMORE LABS
JUNE 20**

**INTERNATIONAL DAY OF
NUCLEAR DISARMAMENT**

LIVERMORE ACTION GROUP
3126 SHATTUCK, BERKELEY 644-3031

LIVERMORE LAB BLOCKADE

As this Action Bulletin goes out, Livermore Action Group's (LAG's) first major public event for the International Day of Nuclear Disarmament is underway. A five-day film festival, including one video film night of local civil disobedience actions, has received good coverage in the local press.

Our nonviolence preparations planned for June 4-5 have more than 100 sign-ups. Our spokescouncils to plan the June 20 blockade of Livermore Laboratory have averaged 50 spokes per meeting from various affinity groups. We are making contingency plans for an extended blockade at Livermore Laboratory on Wednesday, June 22. We don't know how many people this means will show up for the demonstration, but we do know our office is a beehive of activity, and there is a lot of interest in what we plan.

Following three more nights of the film festival and three dance benefits, the Disarmament Rally at noon June 11 in Mosswood Park, Oakland, is our next big event. Confirmed speakers include Congressman Ron Dellums, LAG peace envoy returned from Europe — Pamela Osgood, Daniel Ellsberg, and of course many others. A Cris Williamson concert on June 17 will hopefully help pay back the debts we incurred publishing the handbook for the International Day of Nuclear Disarmament.

Blockaders and supporters at the June 20 nonviolent blockade of Liver-

more Lab will also help raise money by finding sponsors for themselves in a blockade-athon. LAG is selling green armbands silk-screened with the International Day logo and the slogan, "I support the Livermore blockade." This is a variation on the "wear a green ribbon for International Day" idea, which we are also spreading around the Bay Area.

People who cannot leave work on June 20th are encouraged to give a percentage of their income that day to LAG; to BLACKOUT! — shut off their power from 8-9 p.m. Monday night to show support for the blockade, or to attend the June 25 "Hands Around Livermore Lab" legal demonstration.

California peace activists are not only committing civil disobedience at five locations in the state on June 20. Many affinity groups are also determined to disrupt the first test launch of the MX missile at Vandenberg Air Force Base, recently given the go-ahead by Congress. Our best information is that the test will take place the end of June or early July. (LAG and many other California groups entered into a coalition to occupy the test site in January '83 when the launch was originally planned. When the launch was delayed, 200 people were arrested in January and another 800 in March, protesting ongoing testing of other first strike ICBM missiles at the base.)

- by Tori Woodard, LAG

Pt. Mugu/Ojai Action

A group of people from Ojai, Santa Barbara, Ventura, Oxnard, Camarillo, Simi, Santa Monica, San Luis Obispo, the San Fernando Valley, and Los Angeles (all in Southern California) have formed a coalition called PAM, for Peace Action at Mugu. When a cruise missile, launched off Point Mugu, crashed in the Los Padres Forest many local people came together to discuss the problems raised by the very existence of the cruise missiles.

PAM has held several meetings since the end of March, including an information/education meeting at the Point Mugu military base itself. A friendly day of outreach was conducted by the group on May 23. PAM members spoke with the workers at the base and expressed to them their concern about the escalating arms race, and the testing and deployment of cruise missiles.

On Sunday, June 19, from 1-6 p.m. there will be a rally at Plaza Park, 4th & C Streets in downtown Oxnard. On June 20, PAM will conduct a nonviolent civil disobedience direct action.

PAM members say they feel especially compelled to take action because it is from California that cruise missiles are berthed and sent around the world on ships, to be installed on U.S. military bases in Europe and carried in aircraft. Some of the cruise missiles are being produced in San Diego County by General Dynamics Convair Division. In recent months production has been stepped up to reach a scheduled deployment in Europe by December, 1983. The TERCOM computer components are from California's Silicon Valley, 40 miles south of San Francisco. They are shipped to the Point Mugu Naval Station in Ventura County for test firing before deployment.

For information, write the World Peace Movement, P.O. Box 2, Ojai CA 93023, or call 805/646-3832 or 646-5210.

**5 C.D. ACTIONS
IN CALIFORNIA**

In addition to the three nonviolent civil disobedience blockades discussed on this page, there will be two others in California on June 20. **SANTA CRUZ**

Lockheed, manufacturer of trigger devices in cruise missiles, will be the focus of an action that Monday morning. Protesters will carpool at 4:30 a.m. from Loudon Nelson Community Center in Santa Cruz to the Lockheed facility. Upon arrival, a silent vigil and leafletting of the workers will take place. Nonviolent civil disobedience will begin around 6:30 a.m.

The organizers of this action report that approximately half of the peace activists in Santa Cruz will attend the Lockheed demonstration, and half plan to go to the Livermore Lab blockade.

FRESNO

A nonviolent civil disobedience action at Lemoore Naval Air Station, weapons storage site and training base for Hornet F/A18 nuclear bomber pilots, will occur on June 20.

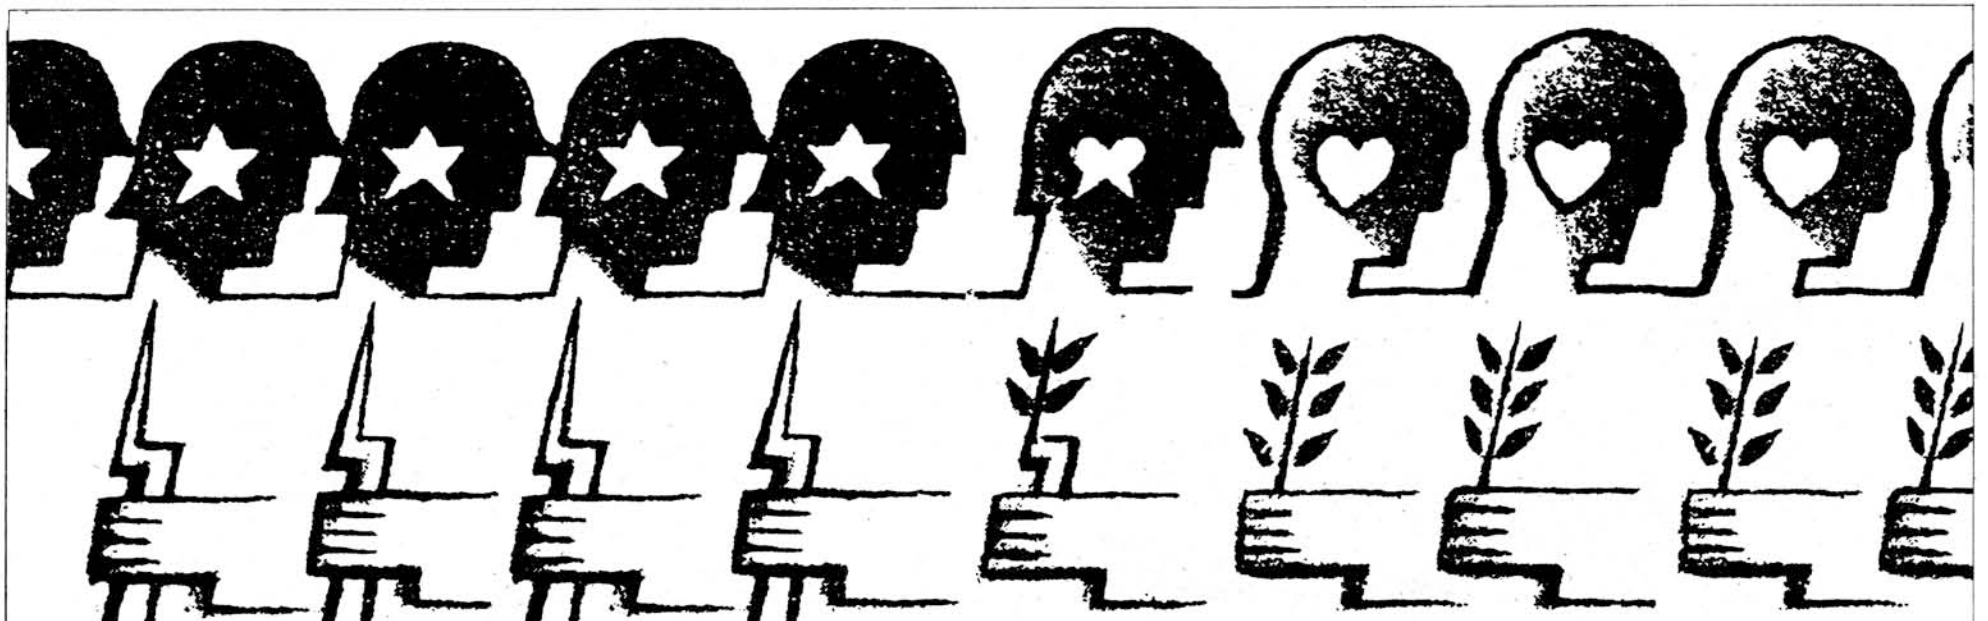

For more information about these two actions, please consult the list of actions on pages 6-7 for addresses.

to America's Most Nuclear City" idea -- a play on San Diego's "Welcome to America's Most Beautiful City" theme.

Those planning to participate in the Ballast Point blockade are required to enroll in a nonviolence training workshop. This 6-hour seminar will prepare people for nonviolent civil disobedience through a series of presentations, games, and role-playing. The San Diego Trainers Collective will be offering the training for a \$3 donation any Saturday (until 6/20) at 1162 Morena Blvd., from 10 a.m. to 4 p.m.

For information on the Ballast Point Legal Vigil, contact Community Energy Action Network, P.O. Box 33686, San Diego CA 92103, 619/275-1162. For information on the blockade, call the Ballast Point Organizing Project at 619/282-8510.

festival

E V E N T S

The World Federalist Association of Northern California is supporting the International Day of Nuclear Disarmament, because it believes that the escalating arms race poses an imminent and unacceptable threat of destruction to all peoples.

The WFANC is one regional branch of the WFA national organization which in turn is affiliated with the World Association of World Federalists which has representation in over twenty countries around the world. The goal of the World Federalists is the abolition of war between nations with the creation of a structured and just world community. The achievement of this goal requires enforceable World Law, attainable through a Federation of nations. In such a federation, international conflicts would be resolved by political and judicial means rather than by violence, while national governments would continue to manage their own internal affairs.

While World Federation cannot be achieved overnight, we devote much of our effort to intermediate steps. We seek to reform and strengthen the present UN system and to create new functional global authorities such as an International Seabed Authority and an International Security Authority.

World Federalists advocate revitalizing the UN by improving its dispute solving machinery, a permanent peace keeping force, a more equitable voting system, improved human rights and strengthening environmental and developmental programs. We are publicizing the McCloy-Zorin Agreement

signed in 1961 by the U.S. and the USSR, setting forth principles providing for staged general and complete disarmament to be verified by an International Security Authority. These Agreed Principles were jointly presented to the UN General Assembly and unanimously adopted in December 1961 as U.N. Resolution 1722.

WFA also focuses on more immediate arms controls issues, such as backing the nuclear freeze, through an Action Alert name bank of over 6000 citizens in all 50 states, enabling them to make their views on crises, defense spending issues, etc. known to elected and other officials.

On the Northern California Regional scene, the WFA is engaged in educational activities through home meetings, public speakers, presentations in schools and media appearances. It is developing a petition for mass distribution, in liaison with other groups, calling for "War No More" and urging U.S. legislators who have not already done so to join in the "Call for Global Survival" based on the McCloy-Zorin Agreement. The "Call" has been put forth by the Parliamentarians for World Order made up of over 600 legislators in national governments of over 25 countries.

The WFA of Northern California plans to get out as many members as possible to the June 20th blockade of Livermore Laboratory. We also hope to participate in the June 11th rally.

For more information about the World Federalist Association, please contact: Kaya Apaydin (415-339-9610) or Keith Beggs (415-441-1404).

- **PHOTOGRAPHERS' REACTIONS TO NUCLEAR WAR.** A Photography exhibit at 20x20 Gallery, 1261 Howard St., S.F. **FESTIVAL OPENING:** Monday, June 13th, 7 pm, with poetry by William Carney and music by the Baroque Arts Ensemble. Show runs till June 20th.
- **PERFORMANCE: PEACE** Two separate nights of diverse and creative reactions to the nuclear threat will be held at Theater Artaud featuring Elvia Marta, the Dionysian Duncan Dancers, the Footloose Dance Company, Pleiades Poetry Group, New Performance Consort, Reliable Source Puppet Theater and many others. Thursday, June 16 and Friday, June 17 at 8pm. 450 Florida St., S.F. Tickets \$5.00 each show, \$9.00 for both. 621-7797.
- **A BENEFIT CELEBRATION OF DANCE, THEATER, AND MUSIC. DANCE:** From Oberlin Dance Collective-Brenda Way, Katie Nelson, and Kimi Okada collaborating with Lance McGee (Pickle Family Circus). Also works by Cecelia-Marie Bowman, Aaron Osborne, Alonzo King, and the Dionysian Duncan Dancers. **THEATER:** Bob Ernst (Blake Street Hawkeyes), Jane Dornacker and Pons Maar. **MUSIC:** Marc Regnier and Phoenix. New Performance Gallery, Monday, June 20th, 8:30 PM. - 3157 17th St., S.F. \$8.00 863-9834.
- **THE ARTIST AND THE ISSUE: VISIONS BEYOND THE BOMB.** A visual arts exhibit including works by over forty Bay Area Artists to be held at Southern Exposure Gallery, 499 Alabama St., S.F. at Project Artaud. Opening: Wednesday, June 15th, 6pm. Show runs till June 21st.
- **B.A.A.N.D. AND BILL GRAHAM PRESENT: TRANSLATOR** with the CONTRACTIONS plus TIMES BEACH in a benefit concert at the Old Waldorf. Sunday, June 12th at 9pm. For more information, call 397-3884.
- **CABARET/DANCE PARTY.** A benefit night of music, comedy and dance at the Women's Building featuring Jane Dornacker, Linda Hirschorn, Kirk Olsen, Les Nickolett, ACRONYM, Paula Poundstone, Dick Crook and Friends, Zazu Pitts Memorial Orchestra and others. Saturday, June 18, at 8pm. Tickets \$5.00.
- **BODY MUSIC.** A benefit evening of belly dancers, Irish classical music and performance at Finn Hall in the Cultural Movement Center featuring Blue Nile, Tamano and others. Sunday, June 12th at 7:30pm. 1819 10th St. Berkeley. Tickets \$5.00.
- **THE KEY.** A disarmament street performance. Friday, June 17th at 2:00pm at Victorian Park near Fisherman's Wharf; Saturday, June 18th at 2:00pm at the Bandstand at Lake Merritt in Oakland; Sunday, June 19th, noon till 5:00 at Marks Meadow in Golden Gate Park.
- **GOLDEN CIRCLE-SILVER CROSS.** An outdoor performance with electronic music choreographed by Patrick Morgan at the Embarcadero Center Plaza. Monday, June 20th at noon.

CONCURRENT EVENTS

CANADA

A Planetary Congress, scheduled by the Planetary Initiative for the World We Choose, will convene in Toronto from June 17-21. Peace groups from many countries will work on a consensus statement for a preferred world future. These groups have been meeting and discussing the issues for months prior to the Congress.

CZECHOSLOVAKIA

LAG received an invitation to attend, and a telegram requesting our confirmation, the World Assembly for Peace and Life, Against Nuclear War, in Prague on June 21-26. Due to our own local activity, we had to decline the invitation to join more than 2000 participants from international and national organizations and representatives of anti-war movements.

ENGLAND

The women at Greenham Common Peace Camp are organizing an "Earth Dragon Rising" action on June 25th.

COMISO

Comiso, Sicily, is the first military installation slated for deployment of cruise missiles in fall 1983. Several resistance actions have taken place there, and according to Pamela Osgood, LAG peace envoy who visited Comiso in late April, two peace camps are slated to open at Comiso on June 18. One will be a women's camp and the other for both men and women.

ITALY

Direct action in Ghedi!! We are organizing a nonviolent direct action at the NATO nuclear base of Ghedi (80 Km from Milano). We think the date will be the 18th of June. We would like to involve at least 700 people willing to sit on the road, coming from all over the north of Italy. Many of us participated in the international anti-militaristic demonstration last Christmas from Catania to Comiso, during which we organized direct actions against the NATO base of Catania and getting inside the airport in Comiso.

There we realized the necessity of resisting militarism in the places around us. We have a military base

not too far from our homes that nobody seems to worry about. The only demonstration in Ghedi goes back to November 1981. We believe that since "Comiso is everywhere", and in order to help our friends at the International camp in Comiso, that it is important to broaden our focus. Instead of everyone going to Comiso, people should direct their attention towards their local military bases.

Our objectives are: No to all militarism, nonviolent public defense, conversion of military expenses into social expenses, end hunger in the world, no to NATO, Varsaira Pact, no to Cruise and SS20, denuclearize Europe!! For the Ghedi action contact: T.D.U. (Lega per il Disarmo Unilaterale) Associazione De Milano, c/o Oscar Brontesi, Via Stazio 18, Milano, ITALY. Tel: 02/285-6710.

Educational Programs

NUKES IN ASIA

Bay Area Asians for Nuclear Disarmament will present a June 20th program on U.S. military bases in the Philippines and the nuclear threat in Asia. The program will be held at 7:30 p.m. at the hospitality room of California First Bank, Japan Town Trade Center, Post & Buchanan Streets, San Francisco.

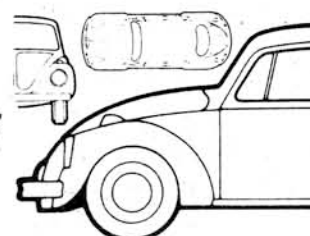

Speakers include Rene Torres of the Campaign Against Military Intervention in the Philippines and Alex Hing from Bay Area Artists for Nuclear Disarmament. "To Sing Our Own Song", a B.B.C. documentary about the Philippines, will be shown. For more information, call 415/775-3292 or 561-8297.

LLL PHYSICISTS DEBATE

The Fellowship of Humanity is holding a three-way debate on Sunday, June 19th, on the subject of disarmament. The positions represented will be: 1) the Reagan approach; 2) the bilateral freeze; and 3) unilateral disarmament along with unilateral initiatives.

Debaters will be: 1) Dr. Gough Reinhardt, physicist at Lawrence Livermore Laboratory and spokesman for the American Security Council (sponsors of the "Peace Through Strength" Coalition); 2) Dr. Hugh DeWitt, physicist at LLL, "internal critic" of the Reagan nuclear weapons policy and supporter of the bilateral freeze; and 3) Rev. Guy Meyer, world citizen and leader of the Fellowship of Humanity. The debate will be held at 11 a.m. at 411 28th St. in Oakland, California.

IF YOU LOVE YOUR CAR, DIE FOR IT!

Urban Ecology presents a panel/workshop on how our cars are driving us toward nuclear war. Fri. June 24, 7:30 p.m. at the Unitarian Fellowship at Cedar and Bonita, Berkeley. For more information, write Urban Ecology, 1939 Cedar St., Berkeley CA 94709.

PUGET SOUND WOMEN'S PEACE CAMP

The Puget Sound Women's Peace Camp will be maintaining a continuous presence at the Boeing cruise missile plant in Kent, Washington, from June 18, 1983 through the summer and possibly beyond. They have written a unity statement and have outlined their goals and methods in undertaking their action.

By setting up an encampment at Boeing, they intend:

1. To halt cruise missile production and to encourage conversion to peaceful production
2. To serve as a focal point for discussion and debate and to increase awareness of:
 - a. Local weapons production, its economic and social impact, and the implications of first-strike weapons in particular
 - b. The role of the Pentagon, implemented by local defense contractors and funded by our tax dollars at the expense of social programs, in these economic and social impacts felt locally, nationally, and globally
 - c. The need for social and economic justice as a foundation for peace
 - d. The connections among feminism, nonviolence, peace, and justice

3. To bring together women of all ages, races, classes, etc., and to connect women working on different issues, in order to exchange ideas, work cooperatively, and develop a local base for a global women's peace movement

4. To create a community of women embodying our visions of a peaceful world

To achieve these goals, their methods include:

1. A sustained, highly visible presence at the cruise missile plant, to allow time to explore the above issues and to develop relationships with the workers and community
2. Workshops, educationals, discussions, talks, printed materials, performances, rituals, demonstrations, outreach through media, street theater, etc.

3. When appropriate, nonviolent direct action and civil disobedience emphasizing a create and positive approach.

4. A sustained emphasis on the international character of this action, and regular communication with our sister camps in New York, England, and elsewhere.

The peace camp is sponsored by Women's International League for Peace and Freedom, 126 Smith Tower, Seattle WA 98104. Or information can be obtained by writing P.O. Box 22756, Seattle WA 98122 or calling 206/523-2101.

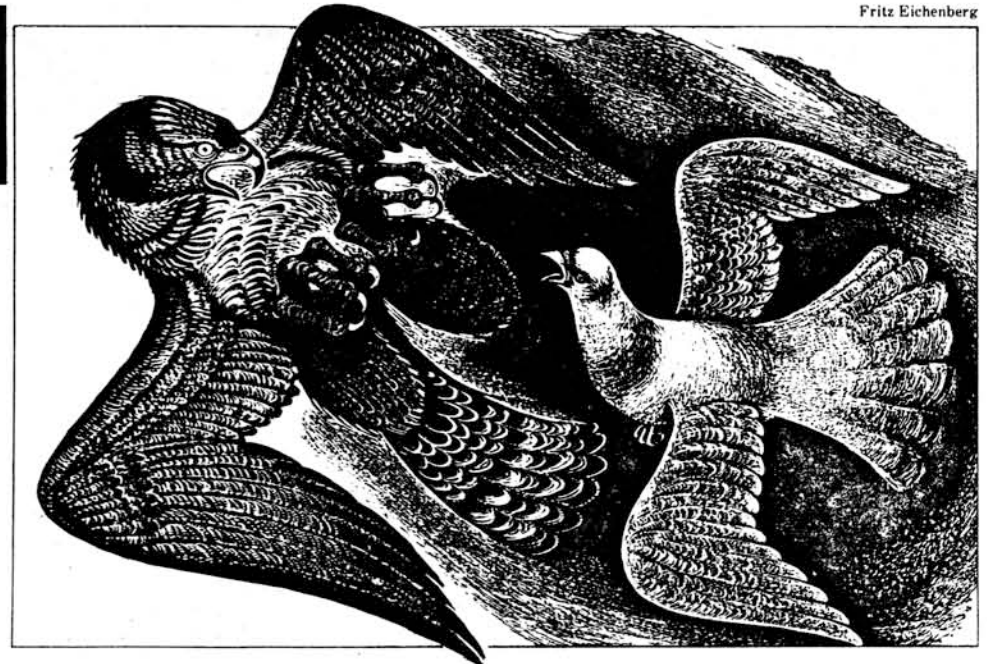

mobilization FOR SURVIVAL

853 Broadway, Room 2109
New York, NY 10003

212-533-0008

Protest actions on June 20, 1983, are called in cooperation with the Mobilization for Survival, a coalition of local and national peace, environmental, anti-nuclear, religious, and community groups dedicated to linking the issues of militarism, intervention, nuclear technology and human needs.

Many Mobilization for Survival affiliates are planning actions on or before June 20. The national MFS office is coordinating national media coverage of all the actions. Livermore Action Group is the information clearinghouse for the actions.

Central Arizona

Fifty miles west of Phoenix, the Palo Verde Nuclear Power Generating Station is speeding toward completion. It promises to be the largest in the western world, as well as the only nuclear power plant not on or near a natural body of water. As a result of this monstrosity being constructed in the desert, our utility rates are rapidly rising. Also, much of the power to be generated by Palo Verde will be shipped out of state. We think that here in Arizona, if all the money spent on Palo Verde was used instead on solar and other alternatives, it would provide us with more clean, safe energy. We say--NO NUCLEAR POWER IN ARIZONA!

Two hundred and fifty miles north of Phoenix, many corporations have financial interest in coal and uranium deposits that lie under the earth. To get to the minerals, up to 10,000 Native Americans are being forcibly relocated from their ancestral homes. The Dine people who live on Big Mountain (in the Navajo/Hopi Joint Use Area) do not want to leave the land they've watched over for so many generations. We support them in their struggle to remain on their traditional land. We recognize that the nuclear fuel cycle begins with uranium mining. We say--NO RELOCATION OF NATIVE PEOPLES! We say--KEEP THE URANIUM IN THE GROUND!

Right here in the "Valley of the Sun", various parts for the cruise and Pershing II missiles are being built. We are outraged! We say a loud NO to this local participation in global genocide. We say--NO DEPLOYMENT OF CRUISE AND PERSHING II MISSILES IN EUROPE!

Because we recognize these connections in the nuclear fuel cycle, we feel we must connect them for our neighbors and friends. The technology is the same. The arrogance that allows each of them to exist is the same.

For the past few months, an affinity group has been meeting to develop ways to express our concern about Arizona's numerous nuclear involvements. On June 19, we will arrive at the Palo Verde Nuclear Generating Station by 5 PM, for a Celebration of Life/candlelight vigil. On June 20 we will meet at 7 AM at Motorola in Scottsdale (where radar is built for Pershing missiles) to leaflet the workers. At 8 AM we will begin a peaceful march to Bechtel, 7 miles down the road. Bechtel not only is building Palo Verde, but has 1/3 interest in coal and uranium deposits on Native American land. Civil (dis)obedience is being considered as part of the activities.

For more information, call Bob Anderson at 602-997-6505 or David Cole at 602-831-9418, or write The Nuclear Resister, Box 37, Tempe, AZ 85281.

The Action Bulletin is published by the Livermore Action Group, 3126 Shattuck Avenue, Berkeley CA 94705. Phone: 415/644-3031.

People who have worked on the Action Bulletin are Nancy Coetzl, Lana Fisher, Beth Benson, Tori Woodard, Sheila Harrington, Rafael Gonzalez, Lee Diamond, Mark Freeman, and Erica Fox.

All articles are written by individuals and do not necessarily reflect consensed positions of LAG, its working groups, or its affinity groups.

The Nuclear Resister

For over two years now, we've published a newsletter, now known as The Nuclear Resister. It's the sole source for comprehensive information about arrests and imprisonment of anti-nuclear activists across the country. Each issue includes a roster of those currently imprisoned and recently released; complete accounts of each action and the motivations of the participants; plus regular updates, listings of future actions involving civil disobedience, poems and personal accounts from people in jail, and more.

The incidence of anti-nuclear civil disobedience in the U.S. has increased rapidly in the past year. So far, in the first five months of 1983, over 50 different actions have been reported. The size of the newsletter and our task as editors and publishers is growing as well. You can help us maintain the quality of our reporting in several ways --

1) Subscribe to The Nuclear Resister, P.O. Box 37, Tempe AZ 85281. \$10 for ten issues, published about every six weeks.

2) If you are involved in planning for civil disobedience on June 20, or at any time in the future, please write to us. We will provide a minimal information form to be returned after the action along with any other clippings, statements, poetry, graphics, etc. you can send.

3) Make a tax-deductible donation of \$50 or more to The Progressive Foundation/Nukewatch, 315 W. Gorham St., Madison WI 53701. Earmark your check for The Nuclear Resister.

Thanks.

For peace,
Jack & Felice Cohen-Joppa
Editors and Publishers

FAIRCHILD PEACE CAMP

Salutations!

A small group of rural women from around Colville, Washington is planning a peace walk from Colville to Fairchild Air Force Base, near Spokane, Washington June 4-10.

Three determined women intend to begin a Peace Camp at Fairchild June 10. They hope to focus local attention on air-launched cruise missiles arriving at Fairchild from Boeing in Kent, Washington, to demonstrate their hope, and to gather support as they walk and camp.

Others will travel to Fairchild June 20th to share music, food and support. I want to form a circle at the gate to join in song and prayer for peace and to weave a web symbolizing connections between Fairchild cruise missiles and our lives.

In hope and peace,
Mary Fossum
Rt. 1, Box 41-B
Addy, WA 99101

THINK GLOBALLY, ACT LOCALLY !

PLAN YOUR JUNE 20 ACTION WITH

THE INTERNATIONAL DAY OF NUCLEAR DISARMAMENT HANDBOOK:

* a comprehensive reader about nuclear weapons

* an organizer's manual for planning direct actions

* a basic movement guide: process, structure, diversity

Vermonters Blockade GE Gatling Gun Plant

C.D. at Knolls Atomic Power Labs

Vermont has been outspoken against the arms race and intervention in Central America. Over 180 towns have voted for a nuclear weapons freeze at Town Meetings, and the legislature has followed suit; dozens of referenda on jobs with peace and El Salvador have also passed.

Despite this, Vermonters are still complicit in the industry of death. In 1981, 64 Vermont military contractors received over \$10,000 each for weapons production. GE led the way by far with over \$141 million in contracts for manufacture of Gatling guns, in use against the people of El Salvador.

Burlington GE is the only major producer of the high-speed, multi-barrel machine guns that are the basic component of virtually all the fighter aircraft in the western world. Burlington guns formed a key anti-personnel weapon in the Vietnam war, where they were used to exterminate whole villages suspected of being sympathetic to the National Liberation Front.

A March will begin June 18 at 11 a.m. and proceed through downtown Burlington past General Electric. A rally will begin at 1 p.m. at the end of the march route. Speakers include David Dellinger and Grace Paley (Vermont rally convener) and Leslie Cagan (Mobilization for Survival and June 12 Rally staff coordinator).

On June 20th about 100-200 people are expected to participate in a blockade of the truck route to the General Electric plant to stop departure of shipments. Prior to the action, the neighborhoods near GE and the factory will be canvassed. Economic conversion potentials will be stressed to show that the action is not directed against the workers.

- Burlington Peace Coalition

The Working Group for Nonviolent Action at Knolls has made June 20 the focus for our local resistance, which will take the form of a rally/demonstration (legal) on June 20 and a civil disobedience action sometime around the 20th. We have had several meetings and have reached 2 conclusions:

1) The action should not be divisive nor judgmental of the people who work at Knolls facilities. We urge actions that build bridges rather than walls; actions in which workers can be part of the process of change and protest against the arms race.

2) We need not plan a homogeneous CD action. Rather, we feel that several simple related actions might have a larger impact. To that end, we have not developed one single scenario, but have brainstormed possibilities of action. Things we have thought of include:

- conversion magician
- using bread as some sort of symbol of our resistance
- planting or giving a tree to the employees
- a non-defense employment booth (either inside or outside)
- public information center
- "Walk for Life" - ask lots of people to simply take steps onto the facility
- ask for donations of food or clothing from KAPL workers to be redistributed to those in need.
- plant a garden
- pray in a restricted area
- use of graphics and music.

Ideally, our risk-taking should be a way of leading those whose lives are tied to KAPL to taking their own risks against the arms race.

- Working Group for Nonviolent Action, Knolls Action Project

HUMAN CHAIN in Michigan

On Saturday, June 11 at 2 p.m. people from throughout Michigan will form a human chain around the Williams International plant at Walled Lake in protest against the production and development of engines for cruise missiles at the plant. The action is sponsored by the Michigan Alliance for Peace, a statewide alliance of groups and individuals concerned with peace and social justice.

Williams International at Walled Lake produces and designs engines for the cruise missiles which are scheduled for deployment in England and Europe later this year. The engine miniaturization in which Williams specializes makes the cruise missile possible. Without small, powerful

engines, no missile meeting the specifications of the cruise (20 feet long, with a range of 1500-2000 miles) would be possible.

The Michigan Alliance for Peace is protesting against Williams' work on cruise and other weapons of mass destruction, not against Williams per se, or against research and manufacture of miniaturized engines, or against the employment Williams provides. It is the perversion of science and industry in the service of death which is the object of the protest. The Michigan Alliance for Peace supports the conversion of Williams to peaceful, jobs-producing purposes.

On May 18, an Oakland County Circuit Court order was issued naming

Michigan Alliance for Peace in an injunction against trespassing on, defacing, or preventing lawful access to Williams property.

MAP will not be stopped in its plans to organize demonstrations in the future, in particular on June 11, 1983. MAP plans no action at Williams on June 11 which is not lawful and peaceful. MAP will file a suit in court to have the order set aside.

It is our Constitutional right "peaceably to assemble" and protest against the "irreparable harm" that Williams International and others are doing to our country and the world.

- Michigan Alliance for Peace

IDAHO

At its April statewide meeting the Idaho state peace coalition decided to organize a concert/rally for the weekend of June 18 and 19, and to have some sort of action on June 20. The planning for the concert is moving right along. A number of musicians have been contacted and many have responded favorably.

Although a proposal was made by the Groundwater Alliance to have an action on June 20 at the Idaho National Engineering Laboratory, the idea did not catch on and key local groups have organized local actions instead.

Planning for June 20th events, including possibly a telephone blitz to Congressional representatives, is still on-going, and there is nothing definite to report at this time.

Japan continued

A partial translation of the appeal for June actions, signed by 30 prominent Japanese figures, follows:

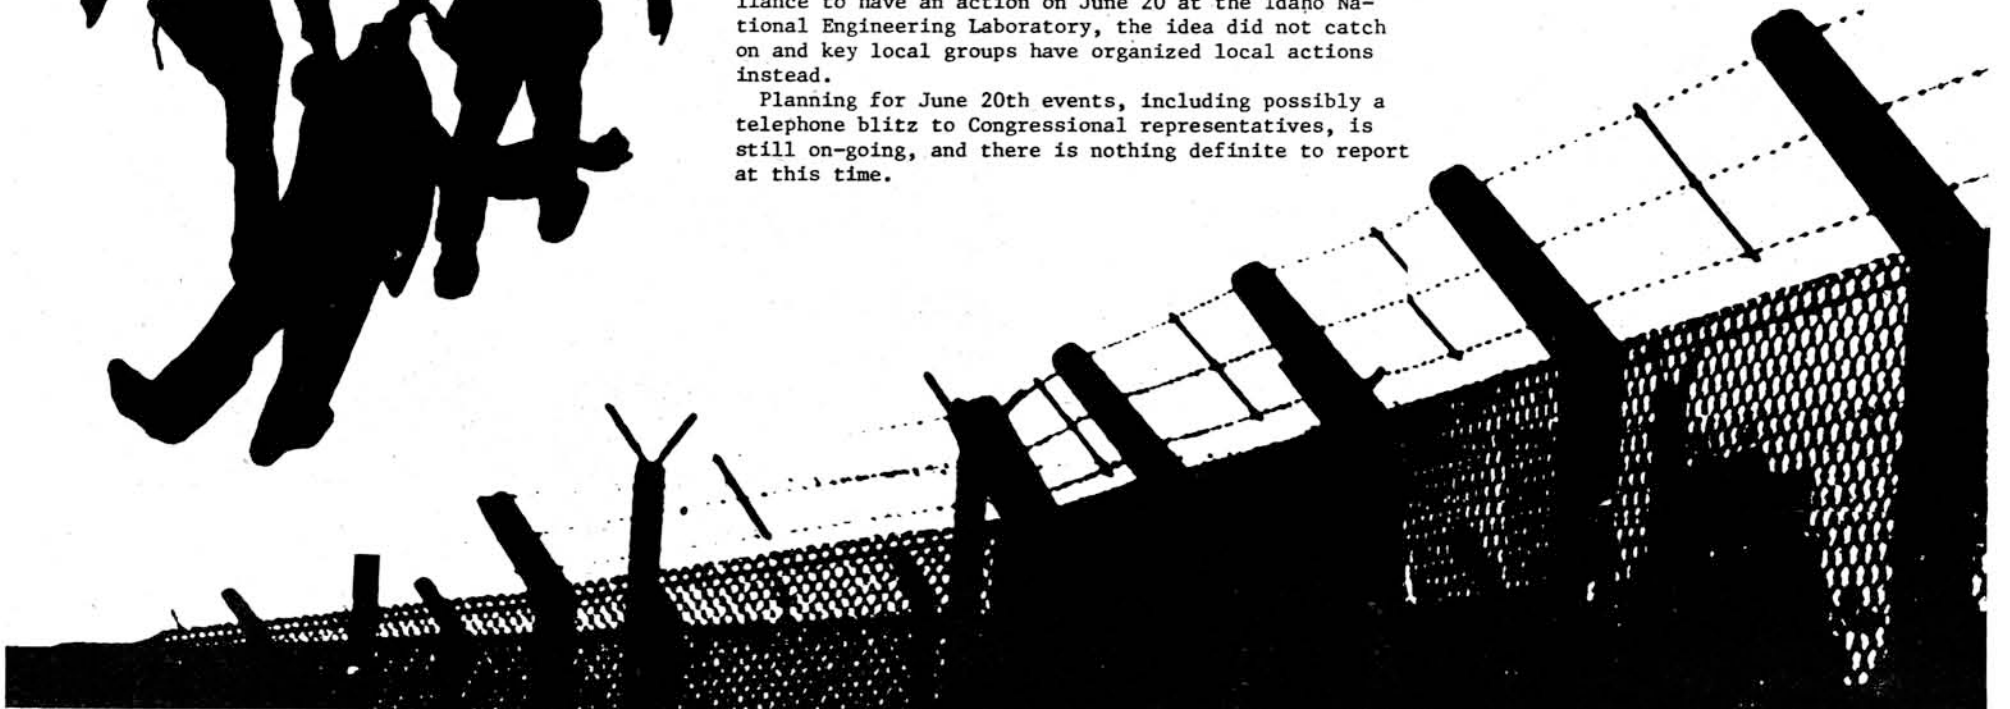

American people working for peace, whom we believe are our peace colleagues, have called for an "International Day of Nuclear Disarmament" on June 20th. They are asking international solidarity around the objectives of "global nuclear disarmament, demilitarization and non-intervention, and equitable distribution of wealth and resources within and among nations."

We Japanese people have been having many actions for peace and justice every June. This June, let us have the largest movement ever for non-intervention and demilitarization. Let us make this action in June a stepping stone for continuous movement in the fall and future.

The Nakasone administration, tied firmly to the Reagan administration of the U.S. under the Japan-U.S. Security Treaty, tramples on Japanese people's efforts to maintain our principles of peace. We have to have our government abandon the Japan-U.S. Security Treaty, re-establish Japan-Korea-U.S. relations, stop militarization, and respect and maintain the peace principles of our Constitution.

Now is the time to make clear our minds and to take action. Let us begin right now to prepare for the June action.

Protest of Cruise Missiles

Leeds, England: Nonviolent blockade June 20 of Tarmac, which builds silos for cruise missiles, preceded by leafletting and letter-writing campaigns. CONTACT: Helen Price, Headingly Peace Action, 10 Marlborough Grove, Leeds 2, England.

Bremmerhaven, West Germany: Nonviolent blockade June 20 at Carl-Schurz Kaserne, a U.S. Army base, one of four world headquarters of the U.S. military sea-lift command, which is responsible for bringing cruise and Pershing II missiles into Europe by sea. CONTACT: Thorsten Reinhardt, Am Bahnhof 4, 2858 Sellstedt, West Germany. Phone: 04/703-1945.

Tempe/Scottsdale, Arizona: A celebration of life and candlelight vigil at Palo Verde Nuclear Generating Station the night of June 19. On June 20, leafletting of workers at Motorola in Scottsdale, where radar is built for Pershing missiles, followed by a 7-mile march to Bechtel, which is building Palo Verde and has 1/3 interest in coal and uranium deposits on Native American land. Civil disobedience is being considered. CONTACT: Bob Anderson, 602/997-6505; David Cole, 602/831-9418; or write The Nuclear Resister, Box 37, Tempe AZ 85281.

Spokane, Washington: A song and prayer circle at the gate of Fairchild Air Force Base will be the June 20th activity of a peace camp to be established there June 10. Fairchild receives air-launched cruise missiles from Boeing manufacturing plant in Kent, Washington. CONTACT: Mary Fossum, Rt. 1, Box 41-B, Addy WA 99101.

Bay City, Michigan: Leafletting June 18-19 of Oscoda City, where Wurtsmith Air Force Base is located. Cruise missiles are deployed there. CONTACT: Bay Area Peace Coalition, c/o Mariah McClean, 1018 N. Birney, Bay City MI 48706. Phone: 517/846-4719.

Cedar Rapids, Iowa: A peace picnic, rally and leafletting at noon on June 20 will kick-off a conversion project and peace camp at Rockwell International. Among the top 10 US defense contractors, Rockwell makes computers and parts for computers for guidance systems of the Pershing and cruise missiles, and produces the MX missile and B-1 bombers. CONTACT: Ames Peace Network, c/o Tim Anderson, 713-8th St., Ames IA 50010; or The Catholic Worker House, P.O. Box 4551, Des Moines IA 50306. Phone: 515/243-0765.

Pt. Mugu, California: Daily testing of cruise missiles at Pt. Mugu Naval Air Station will be protested with a rally on June 19 in Oxnard and nonviolent civil disobedience at the main gate of Pt. Mugu on June 20. CONTACT: Peace Action at Mugu, c/o World Peace Movement, P.O. Box 2, Ojai CA 93023. Phone: 805/646-5210.

Vancouver Island, British Columbia: Demonstration at Canadian Forces Base/Comox to protest storage of U.S. nuclear weapons there. A day-long phone blitz to Prime Minister Trudeau -- one call per minute -- expressing opposition to planned cruise missile testing in Alberta, which has similar climate and geography to the U.S.S.R. CONTACT: Denman Island Peace Group, c/o Patti Willis, Denman Island, B.C. VOR 1T0, Canada. Phone: 604/335-0351.

Tucson, Arizona: A rally June 19 will protest training of operators for ground-launched cruise missiles at Davis Monthan Air Force Base. After training, the personnel are sent to Greenham Commons in England, site of a women's peace camp. CONTACT: Cruise Conversion Alert, c/o Elaine Schwartz, 5516 E. Rosewood, Tucson AZ 85711. Phone: 602/792-3517.

Silicon Valley, California: The Silicon Valley Peace Camp beginning July 4 will protest design and production of guidance systems for the cruise and Pershing II missiles, as well as production of other first strike missiles, at the many defense contractors located in this area. CONTACT: Stop the Cruise and Pershing II Collective of C.A.N.E., 227 Mountain View Ave. #15, Mountain View CA 94041. Phone: 415/964-3066.

Santa Monica, California: Encirclement of Rand Corporation (defense research institute doing feasibility studies on the cruise missile and playing war games) and a tea party at lunchtime with employees on June 20. CONTACT: Women's Rand Action, c/o Patty Litwin, 1001 Pier Ave. #B, Santa Monica CA 90405. Phone: 213/399-1705.

Santa Cruz, California: A nonviolent civil disobedience action and a legal demonstration on June 20 at Lockheed will protest the manufacturing of trigger devices for cruise missiles and missile launch sites in the Santa Cruz mountains. CONTACT: Sisters Rising Affinity Group, c/o K.C., 315 Caledonia, Santa Cruz CA 95062. Phone: 408/426-3126.

Saginaw, Michigan: A yet-to-be-finalized action is planned against Euromissiles on June 20. Although other activities will take place in Michigan June 11 and 18-19, this group feels actions on the 20th are important to emphasize the international aspect of these coordinated efforts. CONTACT: Home for Peace and Justice, c/o Sister Ardeth Platte, 126 North Weadock, Saginaw MI 48607. Phone: 517/754-0015.

West Plains, Missouri: Leafletting to protest the production of cruise missile launchers at Southwest Truck Body on June 20. CONTACT: Clark and Mary Beth Shannon, Ozarks Area Community Congress, Rt. 1, Box 204B, Mountain Grove MO 65711.

Grants Pass, Oregon: A 2½ day walk from nuclear free Ashland through the Rogue Valley, concluding with a rally at Litton Industries in Grants Pass, manufacturers of the electronic guidance and navigation system for cruise missiles and other military aviation. CONTACT: Peace House, PO Box 524, Ashland OR 97520. Phone: 503/482-9625, 482-4381.

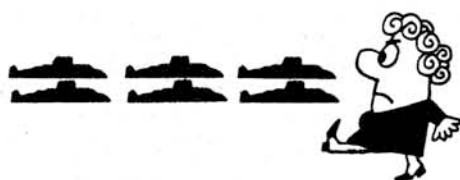

Walled Lake, Michigan: Statewide legal demonstration June 11 -- the formation of a human chain around Williams International, which assembles engines for ground-, sea-, and air-launched cruise missiles. CONTACT: Michigan Alliance for Peace, 4318 Michigan Union, Ann Arbor MI 48109. Phone: 313/995-5817 or 763-9422.

Kent, Washington: A women's peace camp will start June 18 at the Boeing cruise missile production plant. CONTACT: Puget Sound Women's Peace Camp, PO Box 22756, Seattle WA 98122. Phone: 206/523-2101.

Protest of Military Research

Protest of Nuclear Submarines

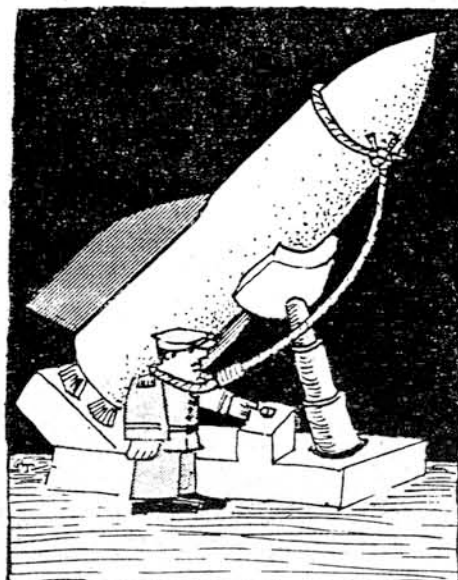

Albany, New York: A legal demonstration/rally on June 20 and a civil disobedience action sometime around the 20th at Knolls Atomic Power Labs, which do research and development of nuclear propulsion systems for submarines (i.e., Trident), and train nuclear sub crews. CONTACT: Knolls Action Project, c/o M. Louise McNeilly, Box 3152, Albany NY 12203. Phone: 518/434-4037.

Quandra Island, British Columbia, Canada: The Lizard of Woz, a peace boat which took part in the attempted blockade of the USS Ohio Trident submarine last summer, will sail in June actions against the US subs which use Nanoose Canadian Forces Maritime Experimental and Test Ranges on Vancouver Island. CONTACT: Ted & Eve Phillips, c/o Christian Peace Agitators, Box 195 Quathiaski Cove, Quandra Island, B.C. VOP 1N0, Canada. Phone: 604/285-3648.

San Diego, California: On June 20, Ballast Point Organizing Project is holding a nonviolent blockade and vigil at Pt. Loma, a major US Navy submarine base and weapons stockpile. On June 19, San Diego clergy will be asked to preach about disarmament, and the Federation for Progress begins its Nuclear-Free San Diego campaign. Also, a group called Mother Jones' Daughters will leaflet at the Mexican border. CONTACT: Community Energy Action Network, c/o Judy Salazar, P.O. Box 33686, San Diego CA 92103. Phone: 619/275-1162.

Groton, Connecticut: Rally, march and alternative fair June 18 to protest commissioning of the third Trident submarine, the USS Florida, into the Navy that day at Electric Boat shipyard, a division of General Electric. June 20 there will be mass nonviolent civil disobedience and legal demonstrations at nuclear facilities at Electric Boat and a women's action at the British Trident office. CONTACT: June 18-20 Coalition, Box 235, Uncasville CT 06382. Phones: 203/562-7935; 203/889-5337; 203/236-1295. Women's action phones: 203/789-2137 or 203/523-8243.

Albuquerque, New Mexico: A peace camp and week of activities culminating in nonviolent civil disobedience at Sandia Labs and Kirtland Air Force Base, a huge nuclear weapons storage facility, leader in "Star Wars" technology research, a combat-ready base for the Tactical Air Command, and manager for the Department of Energy of the entire nuclear weapons production complex in the U.S. CONTACT: June Disarmament Coalition, c/o C.A.N.T., 106 Girard SE, Rm. 1210, Albuquerque NM 87106. Phone: 505/842-6093 or 268-9557.

Cambridge, Massachusetts: A series of prayer witnesses on the premises of Draper Labs will begin June 20 and continue once a week until Aug. 9. The participants are willing to risk arrest in their protests of nuclear research activities at Draper. CONTACT: Paul Hood, Ailanthus Community, 23 Dartmouth St., Boston MA 02116. Phone: 617/262-2940.

Livermore, California: A rally in Oakland June 11, a nonviolent civil disobedience action beginning June 20 at Lawrence Livermore Laboratory, and a legal "Hands Around Livermore Lab" demonstration on June 25 will protest ongoing design there of cruise and MX missile warheads, other nuclear weapons, and space "defense" technology. LLNL and Los Alamos National Laboratory, both managed by the University of California, have designed with the help of Sandia Labs, all of the nuclear weapons in the U.S. arsenal. CONTACT: Livermore Action Group, 3126 Shattuck Ave., Berkeley CA 94705. Phone: 415/644-3031.

Madison, Wisconsin: A nonviolent civil disobedience action June 20 at the Math Research Center of the University of Wisconsin will protest the involvement of the university in military research. CONTACT: Disarmament Now, c/o Peacemakers, 315 W. Gorham St., Madison WI 53703. Phone: 608/256-2852.

PROTEST OF PERSHING II AND MX

Orlando, Florida: A legal demonstration June 18 at Martin Marietta, prime contractor (responsible for missile testing) for the Pershing II missile. CONTACT: People for Disarmament, P.O. Box 2442, Winter Park, FL 32790. Phone: 305/841-5920 or 894-8998.

Westborough, Massachusetts: A legal rally on June 19 and a separate, nonviolent civil disobedience action on June 20 will protest the design, production and testing of the Command, Control and Communications (C3) systems for the MX, the Minuteman, and the Sentry antiballistic missile system at GTE Sylvania. CONTACT: Worcester County Coalition for Disarmament, 90 South St., Westborough MA 01581. Phone: 617/791-9269 or 464-5146.

Paris, France: A March for Disarmament will leave Paris June 19, hold demonstrations at missile bases and sites designed for deployment of Pershing II missiles along the route, and arrive in Geneva, Switzerland (where arms reduction talks will be in session) on the 38th anniversary of the Hiroshima devastation, August 6, 1983. CONTACT: L'Alliance Internationale pour le Désarmement (A.I.D.), 60, rue de Rébeval, 75019 Paris, France. Phone: 245-1508.

ART FOR PEACE

San Francisco, California: An art festival, "Renaissance in the Nuclear Age", will include a visual arts exhibit entitled, "THE ARTIST AND THE ISSUE: VISIONS BEYOND THE BOMB" from June 15-21. CONTACT: Bay Area Artists for Nuclear Disarmament, P.O. Box 6534, San Francisco CA 94101. Phone: 415/621-8081 or 621-1040.

Omaha, Nebraska: A film festival on June 18 is planned by Omaha Pax' Christi, 1717 IZard, Omaha, Nebraska 68102. Phone: 402/345-0539.

Oakland, California: A piece of driftwood art in the mudflats of the San Francisco Bay near freeway I-80 will be constructed on June 20 while Pro-Arts will be closed for the International Day. CONTACT: Pro-Arts, 1214 Webster, Oakland CA 94612.

PROTEST OF ARMS MANUFACTURE & BOMBERS

St. Petersburg, Florida: A blockade June 20 of General Electric Neutron Devices Plant, producer of neutron generators which trigger action in hydrogen bombs. GE is one of seven key nuclear warhead production plants in the U.S. CONTACT: Immanuel House, 5600 68th St. N., St. Petersburg FL 33709. Phone: 813/544-1954.

Amarillo, Texas: Vigil on June 20 at Pantex nuclear weapons assembly plant, following annual gathering of the Texas, New Mexico and Oklahoma Peace and Justice Network, through June 19. Rev. C.T. Vivian will give a talk on nonviolent direct action, Mt. Zion Baptist Church. CONTACT: Steve Schroeder, Northwest Texas Clergy and Laity Concerned, 2031 C.S. Hughes, Amarillo TX 79107. Phone: 806/373-8668.

RALLIES &

DEMONSTRATIONS

Trier, West Germany: A demonstration on June 18 or 19 at Bittburg, one of the main U.S. military bases in Germany and a nuclear weapons storage site. CONTACT: Christian Jung, Bergstr. 65, 55 Trier, West Germany. Phone: 651-41754.

Washington, D.C.: Vigil and speakers in Lafayette Park, across the street from the White House, on June 20. CONTACT: International Disarmament Organization (Student Division of the World Federalists), c/o Forrest Bittner, 1011 Arlington Blvd., S-119, Arlington VA 22209. Phone: 703/524-2141.

Point Reyes Station, California: Rally June 12 with music, speakers, food. CONTACT: 415/663-8483.

Milwaukie, Oregon: A picket line and leafletting is scheduled for June 20 at the offices of Precision CastParts Corp., a Portland-area company currently manufacturing titanium castings for eleven housing for air-launched cruise missiles. CONTACT: People's Test Ban, c/o Norman Solomon, P.O. Box 42430, Portland OR 97242. Phone: 503/227-5102.

El Paso, Texas: A group of concerned citizens have scheduled a rally and silent vigil to be held June 20 in front of Fort Bliss military base. CONTACT: El Pasoans for a Nuclear-Free Future, c/o Ms. Fran Ernst, 1517 Weightman Circle, El Paso TX 79903. Phone: 915/778-2108.

Chico, California: A local demonstration on June 20 protesting nuclear weapons. CONTACT: Chico People for a Nuclear-Free Future, 930 Walnut St., Chico CA 95926. Phone: 916/893-9078.

Salt Lake City, Utah: A morning vigil in a park, followed by a pancake breakfast. An evening vigil is also planned. CONTACT: Utahns for a Nuclear Weapons Freeze, Crossroads Urban Center, 347 South 4th East, Salt Lake City UT 84102. Phone: 801/363-9388.

Los Angeles, California: A Peace Wedding and Life Celebration Rally on June 12 will link personal commitment and love with global commitment and peace. A Fathers Day Peace Vigil and Rally on June 19 at the West Los Angeles Federal Building will send messages of disarmament on a huge Fathers Day Freeze Scroll to "father of the hydrogen bomb" Dr. Edward Teller. CONTACT: Santa Monica/Venice Alliance for Survival, 26 Breeze Ave. #3, Venice CA 90291. Phone: 213/399-1000.

Chicago, Illinois: Nonviolent blockade June 20 of Northrop Defense Systems plant, producer of radar and electronic defense equipment for the B-1 and B-52 bombers and other aircraft. CONTACT: Disarm Now Action Group, 407 S. Dearborn, Rm. 370, Chicago IL 60605. Phone: 312/427-2533.

Fresno, California: Civil disobedience June 20 at Lemoore Naval Air Station, training base for Hornet F/A18 nuclear bomber pilots and weapons storage site. Legal rally June 18 in Fresno. CONTACT: Sequoia Alliance, c/o Doug Hammerstrum, 22410 Avenue 294, Exeter CA 93221. Phone: 209/592-5252.

Minneapolis, Minnesota: Peaceful legal demonstration at Control Data, which sells computer technology to the Pentagon and to Lawrence Livermore Laboratory (where nuclear weapons are researched and designed). CONTACT: The Honeywell Project, 3255 Hennepin Ave. So., Rm. 101, Minneapolis MN 55408. Phone: 612/827-5362, ext. 24.

Burlington, Vermont: Nonviolent civil disobedience blockade at General Electric on June 20. March and rally June 18, with march passing the GE plant, where Vulcan gatling guns, used in Vietnam and El Salvador, are made. CONTACT: Burling Peace Coalition, 300 Maple St., Burlington VT 05401. Phone: 802/862-4928.

MARCHES, BICYCLE RIDE & SEA VOYAGES

Tokyo, Japan: On June 19 a major rally and march involving more than 100 peace groups. In early May, 30 prominent Japanese citizens issued a joint appeal calling for nationwide actions in June against nuclear armament and in observance of International Day. CONTACT: Nihon wa Korede Iinoka Shimin Rengo (Japan Citizens' League), c/o Yoshikawa Yuichi, 3rd Floor Sakai Bldg., 1-20-4, Yoyogi, Shibuyaku, Tokyo, Japan. Phone: 03-379-0043.

Pomona, California: Peace walk June 19 to De Anza Park for a gathering to protest weapons manufacturing at General Dynamics. CONTACT: Peace Conversion Coalition, Alliance for Survival, 339 10th St., Claremont CA 91711. Phone: 714/593-6416 or 626-0371.

San Francisco, California: The Pacific Peacemaker, which has sailed on peace missions throughout the Pacific, will sail from San Diego to San Francisco, with a planned arrival date of June 18.

San Francisco, California: A morning meditation, then at 1 p.m. a silent walk from various parts of San Francisco to Lindley Meadows in Golden Gate Park. CONTACT: Buddhist Circle for Peace Day, 2490 Channing Way #503, Berkeley CA 94704.

Riverside, California: Legal demonstration June 20 at Riverside City Hall featuring a march, skit, and questions-and-answer booth "containing members of the Reagan administration," 12 noon. CONTACT: Riverside Alliance for Survival, c/o Steve Streeter, 4465 Randall Rd., Riverside CA 92501. Phone: 714/784-1923.

Concord, California: A march from Port Chicago (from which arms are shipped to El Salvador) at the Concord Naval Weapons Station (where nuclear weapons are stored) to Livermore Laboratory (which designs nuclear weapons) will protest and link these militaristic actions of the U.S. government. CONTACT: Pt. Chicago Campaign, 2103 Woolsey, P.O. Box 3326, Berkeley CA 94703. Phone: 415/644-1165 or 644-3636.

Berkeley, California: A five-week bicycling journey leaving June 13 from Lawrence Livermore Laboratory, where nuclear weapons are designed, to Rocky Flats in Colorado where plutonium triggers for hydrogen bombs are manufactured. CONTACT: Cycling for Nuclear Disarmament, International House #467, University of California, Berkeley CA 94720. Phones: 415/643-2778, 643-1857, 643-1839.

Kansas City, Missouri: March on June 18 from Westport to The Plaza in Kansas City. CONTACT: Cowtown Alliance, c/o Janice Dagley, P.O. Box 32095, Kansas City MO 64110.

EDUCATIONAL

PROGRAMS

San Francisco, California: June 20th program on U.S. military bases in the Philippines and the nuclear threat in Asia. 7:30 p.m., Calif. First Bank, Japantown Trade Center, Post & Buchanan Streets. Rene Torres and Alex Hing will speak and the film "To Sing Our Own Song," about the Philippines, will be shown. CONTACT: Bay Area Asians for Nuclear Disarmament, 1230 Grant Ave., San Francisco CA 94133. Phone: 415/775-3292 or 561-8297.

Berkeley, California: Urban Ecology presents "If You Love Your Car, Die for It!" -- a panel/workshop on how our cars are driving us toward nuclear war. Friday June 24, 7:30 p.m. at the Unitarian Fellowship at Cedar and Bonita, Berkeley. CONTACT: Urban Ecology, 1939 Cedar Street, Berkeley CA 94709.

Oakland, California: A three-way debate on Sunday, June 19th will present three positions: 1) the Reagan approach; 2) the bilateral freeze; and 3) unilateral disarmament along with unilateral initiatives. 11 a.m. at the Fellowship of Humanity, 411 28th Street, Oakland CA.

NUCLEAR FREE ZONE

Santa Barbara, California: A Nuclear Free Zone will be declared by Mountain Folks, c/o Garrett Connelly, 300 W. Mountain Drive, Santa Barbara CA 93103. They are interested in starting a Nuclear Free California campaign. Phone: 805/969-7506.

FASTING

Bielefeld, West Germany: A coalition of Christian and nonviolent action groups are planning a five-day public fast the week of June 20. CONTACT: Joachim Doninghaus, Bessemerweg 6, D-4800 Bielefeld, West Germany. Phone: Eric Bachman, 52/216-5485.

LETTERS & PHONE CAMPAIGNS

Corydon, Indiana: Mass letter-writing and phone call campaign on June 20 to Congressman Les Hamilton. CONTACT: Corydon Peace Group, Rt. 1, Box 341B, Corydon IN 47112.
