

## G-1972-Bullsheel-intro

**Bosse Bullsheet - underground paper** - April 1972 edition, one of the last

We did 13 issues of this underground – sadly, I only seem to have two around, and one is faded – here is the complete one, 8 pages in ditto format – Bosse High, Evansville, IN

See past journals for more on Bullsheet – published from end of Jr year thru end of Sr year, roughly monthly – very likely the longest-lived underground paper with the same staff in Indiana – since any others we knew of were squelched – we survived by devious means.... – and with the tacit support of some teachers
